

## **Pets and Friends**

We are a small British Columbia charity that provides **pet therapy visits** to hospices, hospitals, senior residences, schools, and workplaces. Our volunteer teams—dogs and their handlers—bring comfort, companionship, and emotional support to people who need it most.

We are seeking a **CPA or financial professional** to join our volunteer Board of Directors as a Director, and to eventually transition into the Treasurer role.

### **Commitment**

- Monthly virtual board meeting (1–2 hours)
- Light preparation and occasional email input
- Approximately 3–4 hours per month

### **Responsibilities**

- Provide financial oversight and review financial statements
- Support the organization's financial governance
- Work with the Treasurer and Executive Director during the transition period

This is a meaningful opportunity to contribute your professional skills while helping expand access to pet therapy in our community.
